# ALPHABETICAL INDEX OF PLANTS.

	Plate.		Plate.
<i>Agaricus plicatilis</i> , The Plaited <i>Agaric</i>	210	<i>Brassica campestris</i> , Field Cabbage, or	
<i>Alchemilla alpina</i> , Cinquefoil Lady's		<i>Colewort</i> . . . . .	211
<i>Mantle</i> . . . . .	204	<i>Butomus umbellatus</i> , Flowering <i>Rush</i>	214
<i>Arenaria peploides</i> , Sea Sandwort . . . .	223	<i>Caltha palustris</i> , Marsh Marigold . . .	224
<i>Artemisia maritima</i> , Drooping-flowered		<i>Carduus acaulis</i> , Dwarf Thistle . . . .	206
<i>Sea Wormwood</i> . . . . .	229	<i>Centaurea nigra</i> , Black Knapweed . . .	241
<i>Astragalus glycyphyllos</i> , Wild Lique-		<i>Cerastium latifolium</i> , Broad-leaved	
<i>rice</i> . . . . .	208	<i>Rough Chickweed</i> . . . . .	209
<i>Betonica officinalis</i> , Wood Betony . . . .	235	<i>Chelidonium majus</i> , Greater Celandine	199

# INDEX.

	Plate.		Plate.
Chironia Centaurium, Common Centaury . . .	238	Orchis ustulata, Dwarf Orchis . . .	216
Cochlearia anglica, English Scurvy-grass . . .	240	Ornithopus perpusillus, Common Bird's-foot . . .	232
Convolvulus arvensis, Small Bindweed . . .	205	Pastinaca sativa, Wild Parsnep . . .	221
Coronopus Ruellii, Swine's Cress . . .	200	Poa decumbens, Decumbent Meadow-grass . . .	229
Erodium cicutarium, var. Hemlock Crane's Bill . . .	231	Potentilla anserina, Silver Weed . . .	227
Gentiana Amarella, Autumnal Gentian . . .	220	Primula farinosa, Mountain Auricula . . .	215
Inula pulicaria, Less Fleabane . . .	198	Prunella vulgaris, Self-heal . . .	202
Juncus liniger, Flaxen Rush . . .	234	Prunus Cerasus, Cherry-tree . . .	212
Lobelia Dortmanna, Water Gladiole . . .	203	Ranunculus parvulus, The Dwarf Ranunculus . . .	196
Lolium perenne, Ray Grass . . .	213	Salvia verbenaca, Wild Clary . . .	222
Malva moschata, Musk Mallow . . .	197	Saxifraga tridactylites, Rue-leaved Saxifrage . . .	219
Melampyrum pratense, Meadow Cow-wheat . . .	225	Sisymbrium Nasturtium, Water-cress . . .	201
Melica cærulea, Purple Melic-grass . . .	205*	Thesium linophyllum, Bastard Toad-flax . . .	228
Mercurialis annua, Annual Mercury . . .	218	Utricularia vulgaris, Great Bladder-snout . . .	207
Ophrys Monorchis, Yellow or Musk Ophrys . . .	237	Veronica Beccabunga, Brooklime . . .	236
Orchis bifolia, Butterfly Orchis . . .	233		
Orchis mascula, Early Orchis . . .	230		

## ERRATA AND ADDENDA.

Folio. Line.		Folio. Line.	
*195a	S. Drurii. I possess a specimen found in September in the Borough, resting upon the leaf of a plant, apparently just out of the Chrysalis.	219a	Mr. R. Wood of Manchester has presented me with a female of <i>Mono-chamus dentata</i> , which was taken near that place, and kept alive by him several weeks: he at the same time informed me that three specimens of <i>M. Sartor</i> had been captured there.
—	S. Carolina. Mr. Vigors's specimen was taken either by Mr. Honey or Mr. Fenton.	226	25 for Scutellum read Postscutellum. 33 for Prothorax read Antepectus. 34 for Mesothorax read Mediepectus. 35 for Metathorax read Metasternum.
198	<i>Anomalon Vesparum</i> . Several males hatched the end of last April, as I anticipated. Is it not probable that they would have lived till females of another brood appeared in the following July?	231a	27 for Lardew read Cardew.
202a	for <i>Betonica officinalis</i> , &c. read <i>Prunella vulgaris</i> (Self-heal).	232	Mr. Davis has lately informed me that he finds <i>Mexium sulcatum</i> as late as the middle of October, that it is frequently found amongst old waste paper in booksellers' warehouses, and that he discovered one in an old specimen of <i>Dyticus</i> , on pulling it to pieces.
ib.	last line but 4. for Duddingston read Duddingston.	234a	dele line 17. 26 for t. 12. read 52. 29 for Linn. read Fab. 39 for 264 read 244.
203a	for <i>paludosus</i> Gyll., read <i>meridianus</i> Linn.		
204a	15 for <i>Onthophagus</i> read <i>Onthophilus</i>		
205a	25 for p. 3, read 332.		
206a	for The Dwarf Orchis read An Orchis (probably <i>maculata</i> ) was in flower, &c.
